INTERNATIONAL FENCING TOURNAMENT Exchange Student Beats Olympic Champ

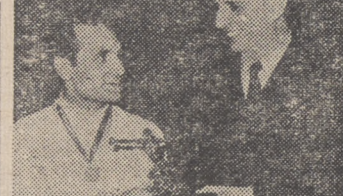

Wladimiro Calarese of Italy, left, lunges at Olympic champion Tibor Pesza of Hungary during the fence-off in the sabre competition for the Martini & Rossi trophies in the New York Athletic Club International Fencing Tournament.

NEW YORK—Twice before colorful and aggressive Wladimiro Calarese of Italy had won the Martini & Rossi Saber Trophy, one of the most highly coveted prizes in international fencing. But this year, the short, tough Calarese faced the most formidable opponent of his career, Olympic champion Tibor Pesza of Hungary.

The capacity crowd in the New York Athletic Club gymnasium was clearly prejudiced in favor of Calarese. The Italian competitor is an exchange student at NYU (where he is studying engineering and has an A average) and his college friends were out in force.

When Calarese lost a disputed decision, the gym reverberated with the screams of the partisan crowd. At the end of the regulation matches, Calarese, who

would have been the winner, were it not for the disputed decision, was tied with the Olympic Champ.

Then came a do-or-die fence-off for the trophy. Shouts of encouragement rang through the gym when Calarese fell behind early in the match. Lunging and charging with rapier-like speed, Calarese scored against the much taller Olympic champion and pulled up even. Then with one more lightning-like thrust, Calarese emerged the winner for the third time. A new roar filled the gym. A new champion was crowned.

SIERRA SKIING

By VI WHITE

National Ski Week—January 21-30
Sunday the Fantastic button was lit on the huge Alpine Meadows sign on hiway 89 and skiers found the most marvelous skiing conditions they've ever had.

A clear cold sunny day with eight to twelve inches of dry fluffy snow covered a hard pack base.

Trees and buildings had a winter wonderland appearance. What a day! Out of this world!

Two new poma lifts and a chair lift were put in operation Saturday. New manager Jim Schutt was pleased that all facilities were running smoothly and that lift lines had no more than a five minute wait.

To reach the new Sherwood Forest area, expert skiers can traverse high across Ward Bowl from chairlift No. 1 and ski down on the other side. Or take the No. 3 lift and ski down to a shuttle poma lift on the right to the new Downward lift.

Excellent open terrain with steep to moderate slopes are found there. A skiers delight.

Alpine Meadows has a shuttle bus service running on a 45 minute schedule weekends from a parking area near hiway 89.

Cheese fondue is being served in the main lodge Tuesday and Thursday at 4 p. m. A perfect way to end a skiing afternoon.

Art Linkletter was there again praising the excellent skiing as were Gil Pedrol of Sparks Nugget; Ann Gilliland, Berkeley; Dr. Robert Burke, Oakland; Archie Steinback, Peninsula Ski Club; Bill Briner, Placer County supervisor and Ski patrolman Hal Fandyl, Tahoe Truckee High School teacher.

The second point meet for FWSA juniors who are hopeful in earning a place on the team that will be sent to the nationals at Winter Park, Colorado, in March was held at Heavenly Valley last weekend.

Both Alpine and Nordic events were held there.

Greg Schwartz whose father manages Sugar Bowl held top honors with Penny McCoy whose father owns Mammoth Mt. ski area. They won both the slalom and giant slalom races.

Tom Rukhala, Lake Tahoe Ski Club won the cross country run while John Sax of Oakland topped the jumpers.

Other Alpine class winners were: Gary Jones, Lake Tahoe, Katy Morning, Mammoth, McLain McKinney, Slide Mountain, Sheila McKinney, Kaki MacKinlay, Sugar Bowl; Nordic, Dave Donaldson, Lake Tahoe, Bob Lawrence, Los Angeles, Terry Quetzel, Reno, Greg Burns, South Tahoe, Eric Rukhala, Lake Tahoe, Carl Rukhala, Reno.

Kicking off National Ski Week here was the Greater North Lake Tahoe Chamber of Commerce 1966 Snohball Friday night at Nevada Lodge.

Nine beautiful girls were interviewed on stage by Dave Stollery while they modeled bathing suits, ski clothes and evening dresses.

Roselyn Hamblin of Tahoe City representing the Sierra Winterstock Co. was chosen "Miss Sierra Snowflake" by the judges and was crowned by retiring queen Linda Draney.

June Taylor representing Tahoe City Ski Club was runner up and Janmarie Booth of Lake Tahoe Ski Club was third.

Hundreds of guests enjoyed the delicious buffet dinner and almost 40 door prizes were won. Dancing followed the judging of Miss Sierra Snowflake.

Miss Hamblin will reign over the many festivities being held this week at Tahoe City and Kings Beach. Dog sled and snowmobile races, snowball fights, etc.

Carson White, chairman of National Ski Week for the far west, announced that proclamations from President Johnson, Governor Brown of California and Sawyer of Nevada were made to mark the importance of this multi million dollar sport.

During the week, Tahoe Ski Bowl has been giving a dollar discount to all FWSA members, Vail's Pharmacy in Gateway is offering crutches at half price to those unfortunate enough to have had a skiing accident requiring their use.

The Bay Area Council Inter-Club Racing Series first race was held at Donner Ski Area January 8th. Zuerleu Ski Club walked off with top times, Joan Treher and Andrew Schaal won both the men and women's events.

The second meet will be held at Sugar Bowl on Saturday at 1 p. m.

It was estimated that there were 20,000 professional performers headquartered in Kansas City, Mo., during the 1920's at the height of tent repertoire theatres' activities.

Sierra College Now Includes Lake Tahoe

Sierra College's territory now includes "the waters of Lake Tahoe," trustees announced this week. The boundary change, approved by Placer County supervisors, changes the boundaries of the Tahoe-Truckee unified school district portion of Sierra College's district and makes the college contiguous, or adjacent, to the South Tahoe high school district.

The boundary change make it legally possible for the South Tahoe voters, should they so desire, to join the Sierra district.

President Harold Weaver said the move costs the district nothing and does not attempt to "pressure" the South Tahoe district voters. Both Sierra and Los Rios have extended invitations for the South Tahoe high school district to join with their JC districts. Los Rios, the larger Sacramento area district, has highway 50 leading to the present ARJC and Sacramento City colleges, with new campuses promised in the future.

Sierra has indicated the possi-

bility of a lake campus site if both the north and south Tahoe residents were in the Sierra district, since only then could a population base large enough to justify a lake campus be justified. Sierra Instructor John Berutti did an administrative study of the proposal last summer, deeming it feasible.

For South Tahoans, the problem probably is confused by the issue of all weather roads on the west side of the lake, an issue still being delayed by highway study groups. An all-weather road would enhance the probability of a lake campus, which could operate year-round.

HELD ON CHARGE

Michael William Stark, 26, is at liberty under bail of \$1,046 following his arrest by Sheriff's Deputies John Pyle and Dave Eaton on three misdemeanor charges. He is scheduled to appear in Judge F. W. Wilson's court on February 1.

Stark was charged with driving while under the influence of alcoholic beverage, reckless driving and having a concealed weapon in his vehicle.

How to save money when there's nothing left to save

If you've got a pocketful of empty, here's a little trick millions of Americans use: save money before you get it. Then forget it. The Payroll Savings Plan supplies the will power.

Just give your employer the go-ahead to set aside a small amount from each paycheck and apply it to the purchase of U.S. Savings Bonds.

Before you know it, the Bonds will start rolling in. It's a mighty good way to put those loose coins to work. The ones that always seem to burn a hole in your pocket.

The theory behind the Plan is simple: what you can't see, you won't miss. And it works—for millions of Americans.

If you think it hurts a little, you'll only think so at first. And remember that this is probably the only part of your take-home pay you'll ever see again.

Then the next time you pass your payroll department, stop in and see how pleasant it is to start hanging on to some of your money—with U. S. Savings Bonds.

Agate Bay Trouble has rewarded her owners, Bill and Bonnie Bates of Tahoe Vista, by winning best of opposite sex, best of winners and best open bitch at the Cow Palace Dog Show last weekend. Over 2,000 dogs were entered in the show, which was one of the largest shows ever held.

Trouble was shown by Paul E. Booher of Reno for Bonnie and Bill. She will be two years old next month, a beautiful black Labrador retriever. She now has five points toward an eight point championship. Trouble has only been shown twice previously, once at Petaluma, where she was best winner and best opposite sex and at Santa Rosa where she was best of breed.

Congratulations to Bonnie and Bill on having a soon champion to bring fame to our area.

Tom and Hazel James have returned to their Tahoe Vista home after an extended vacation to Florida. They attended the American Hotel Association convention at Miami Beach, visited Fort Lauderdale as well as other side trips, and spent several days in the Bahamas. Glad to be back to Tahoe.

Thanks to the North Lake Tahoe Chamber of Commerce for a marvelous evening at the annual Snowflake and crowning of Miss Sierra Snowflake of 1966 at the Topaz Room of the Nevada Lodge on Friday evening.

Dave Stollery of Tahoe City was master of ceremonies while Betty Layton, Velda Farris and Dorothy Intorf greeted guests at the door. Judges were Mr. and Mrs. Ed Brotherton of Auburn, he is manager of the Placer County Chamber of Commerce, Col. Robert Margison and Lt. Commander Ed Kofler of Reno and Ed Ricks of Slide Mountain.

Sisters, Dorothy Beck of Tahoe Vista, chairman of the contestants, and Eileen Whilen of Kings Beach, lovely contrasts in black and white gowns. Both worked hard for the fifth year to present the beauty pageant.

The decorations in the Topaz Room were outstanding and gave the room a festive air. Thanks go to Chairman Maxine Olson and Lorrie Wilson, Helen Biggs and Nancy Deliantoni.

The beauty pageant showed the girls in bathing suits and gorgeous evening gowns. However, the presentation in ski attire was sadly missing—especially so since our snow country features this mode of fashion. The ramp was used in previous years and greatly added to the exhibition of the participants. Missing too was the zip of Soupy Sales and the marvelous voice of the late Whip Wilson.

Roselyn Hamblin of Tahoe City, sponsored by the Sierra Winterstock Company was crowned Miss Sierra Snowflake by last year's Queen Linda Draney. Assemblyman Chappie presented Roselyn her trophy. Linda looking more glamorous than ever in a gorgeous beaded evening gown.

June Taylor of Tahoe City, sponsored by the Tahoe City Rotary Club was first runner up and Janmarie Booth of Tahoe City sponsored by the Lake Tahoe Ski Club

was second runner up. Attending with Assemblyman and Mrs. Chappie were Supervisor and Mrs. William Briner of Sunny-side.

Interesting letter from Inez Jordan of Incline Village who is in England with husband, J. C. Reminded of home when they had a real wet snow but although icicles on her lashes no thermometer in sight to indicate what degree of freezing she was enjoying.

Has been a real tourist visiting all points of historical interest, shopping and learning how to spend English money. The North Shore Club will probably be salad conscious this summer when all their employees return as Inez says salads are just not featured on menus—lettuce being at a premium. Will be happy to return to Tahoe.

The Women's Club of North Tahoe will meet January 31st at the Nevada Lodge for installation of this year's officers. A noon luncheon will precede the installation.

Outgoing president, Eleanor Egan, requests that reservations be made and are necessary if those attending wish dessert. An especially ordered surprise dessert is being prepared and only for the number at-

tending. Sounds intriguing! Phone the Nevada Lodge, Eleanor Egan or Deedie McKinney to assure your just desserts.

New officers will be installed by Pearl Draney with Dorothy Belle Gilmore as president, Doris Richmond, secretary, Iva Montgomery, treasurer and Virginia Stickel, vice president.

Mr. and Mrs. Arnold Olitt of Berkeley and Incline Village entertained at a dinner party at Peter Paxton's Tahoe Racquet Club. Guests were Mr. and Mrs. Fred Pavlow of San Francisco who have recently acquired a condominium at Chamberlain's Tahoe Homes, Mr. and Mrs. Kendall Spencer of Orinda and Incline Village, Mr. and Mrs. Charles Garnin of Burlingame, Mr. and Mrs. Al Sperry were expected to attend the dinner but did not arrive home in time from a vacation in Hawaii. Mr. and Mrs. Russ Graff cancelled their plans to spend the weekend at Tahoe and attended the dinner as Mrs. Graff was scheduled for back surgery sooner than anticipated.

A welcome to Tahoe to the Pavlows.

Vernon Ricks of Kings Beach was seriously injured in an accident at the lumber mill in Truckee where he is employed. Wife, Mil-

dred, reports that although his injuries are serious he is responding and progressing satisfactorily.

Cloyd Sipes of Kings Beach was a business visitor to San Francisco last week.

With February around the corner, Eleanor Egan of Brockway and Virginia Engelhard of Incline Village are making plans for the annual Heart Fund campaign of which they are chairman and cochairman, respectively. Plan for their visit and remember it with your heart.

Don Beck of Tahoe Vista, president of the Community Club, reminds residents of the scheduled meeting at 7:30 p. m. February 9th at the Kings Beach Elementary School. The discussion of the rezoning map will be the main topic of the evening. Zoning committee comprises Bill Bates, Al Burghardt, Carol Dodge, Red Waddell and Eileen Wilen.

Jim Lockridge is membership chairman.

The projects being stressed by the Community Club are the zoning map, the acquisition of the King property in Kings Beach and a master plan for Kings Beach, Tahoe Vista and Carnelian Bay. George Jator of San Francisco has been

Student Body—The program for our January assembly was presented by Miss Hanna's class. The original play about how King Arthur became king was based on their reading program and was greatly enjoyed by the whole school.

The business meeting, presided over by Gary Martin, presented activities of our many committees. A need for greater support and school spirit on the part of the entire student body was shown. A step in this direction was made when it was voted to present the basketball team with Lion sweatshirts to be used each year as "warmup jackets."

Charles White Will Take Officer Course

FORT MONMOUTH, N. J.—Three more enlisted men departed the U. S. Army Signal School this week for Officer Candidate School, among them Private (first class) Charles C. White of Truckee, California. They brought to eighteen the number of signal school enlisted men selected for officer training since the current program announced by U. S. Continental Army Command in August became effective on October 1.

The son of Mr. and Mrs. Carson A. White of Donner Lake, Truckee, Private White attended Las Lamas High School in Walnut Creek and was graduated from Sierra Junior College in 1963. Thereafter, in pursuit of his baccalaureate degree, he spent another year at Chico State College and one semester at the University of Nevada. He was graduated from the Signal School three weeks ago and was being retained for assignment to the school's enlisted staff.

In general graduation from the signal school represents a major step forward in a soldier's career. Classed as one of America's fine technical institutes, the school gives training chiefly in the technologies of forty different types of electronic equipment, from radio and TV sets to "electronic brains". A yearly average of 6,800 enlisted men are admitted. Over 90 percent are high school graduates or better. Over 21 per cent have previously attended engineering school

BATTERIES, SHOCKS OFTEN NEGLECTED

What does the average car owner neglect most in the maintenance of his automobile? According to the California State Automobile Association, the two most neglected items are battery and shock absorbers.

Other items frequently neglected by motorists included brakes, proper care of the cooling system, and tires.

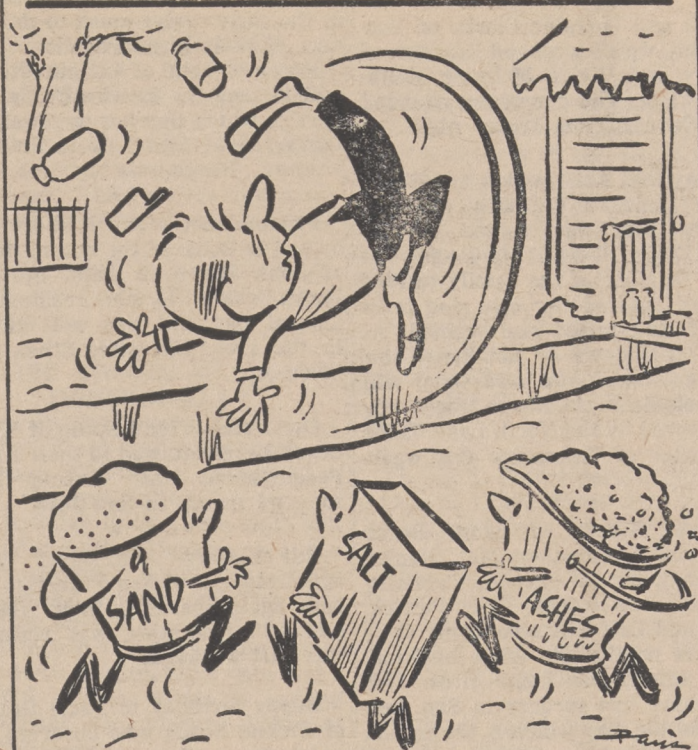

Close behind these were wheel alignment, engine tune-ups, smog device maintenance and lubrication of universal joints.

One of the reasons for neglected maintenance of the automobile, according to the CSAA, is the less frequent need for lubrication called for in late-model automobiles. A few years ago when most owners changed oil every 1,000 miles and had their car lubed ever 2,000 miles it was easy for garage mechanics to check battery, tires, etc., frequently.

Today, many owners have their cars lubricated only two or three times a year in accordance with factory recommendations. Consequently the maintenance of other service points is often over-extended.

Steve Davis is home and returned to Chico State for an English exam and back here again to ski.

Several local children are busy working in the ski areas during the weekends. Jeff Jellin and Dennis Becket work at Squaw Valley, Peggy and Jim White help at Boreal Ridge, Joe Corro is up at Sugar Bowl and Mike Davis at Alpine. Ambitious kids, aren't they, to give up their skiing?

The Donner Lake Ladies' Auxiliary enjoyed a delightful dinner meeting at the River Ranch last Thursday. Nomination of new officers was the principal business. The election will be held at the February meeting.

It's good to have Dr. and Mrs. Robert Affeldt back to the grind. They thoroughly enjoyed their trip and stay in the mid-west. On their

return they took the train from Reno through the Feather River canyon and were stalled by a train wreck. Their train backed all the way to Reno and proceeded via Donner Lake and on to Sacramento. Later they learned they were scheduled to have been on the wrecked train.

Roadside Rests Are Completed By State

At the close of 1965 the California Division of Highways had 23 safety roadside rests in operation, 17 under construction, 58 programmed for construction, and four programmed for rights of way purchases.

"It will require several years for us to complete this phase of our safety roadside rest program," State Highway Engineer J. C. Womack said, "for we are going first class and each one will take some time to construct."

"The amount of money available for highway construction is always limited but this year we can expand in this particular phase through the availability of additional federal funds."

Because it is highway division policy that all safety roadside rests be of top quality, modifications are planned for 12 of the 23 now in use. The bulk of these installations previously belonged to other state agencies and none of them include all the facilities that are integrated in rests now under construction.

Although not intended for overnight campers, the way stops provide travellers with all the facilities of a well developed park. There are comfort facilities, drinking fountains, picnic tables, and stretches of sidewalk included in the typical one. The cost for a single unit can vary from as little as \$35,000 to as much as \$100,000.

Two of the roadside rests completed and in use are on Interstate 80 at Donner Summit, one on the eastbound and the other on the westbound lane. Others are planned on the two lanes near Gold Run, and still another on Route 20, 4 1/2 miles east of Washington at the Alpha-Omega monument.

In 1883, nearly 122,000 miles of railroads criss-crossed the United States.

No Change Seen In Getting Road Land

SACRAMENTO—There will be little cause for change in the procedures employed by the California Division of Highways as the result of recent federal action to ensure that owners of lands needed required for federal-aid highway purposes fair and equitable treatment.

"This has been the division's policy for more than 15 years," said J. C. Womack, California State Highway Engineer.

Womack pointed out that California pioneered the practice of making objective appraisals of properties prior to acquisition discussions, and of making personal contact with owners to explain the state's right of way of procedures and also the policy of making an immediate offering of the full market value based on this appraisal, rather than on the individual owner's bargaining ability.

"The division of highways manual on the subject emphasizes that all our right of way personnel must

act in a fiduciary relationship, or position of trust, with the property owner as a shareholder in the state, as well as protect the interests of the rest of the taxpayers. It is a tribute to the skill of these civil servants that more than 96 per cent of all state acquisitions of property for highway purposes are completed on the basis of amicable agreement," said Womack.

The state highway engineer explained that the courts have interpreted "fair market value" as "the highest price estimated in terms of money which the land would bring if exposed for sale in the open market with a reasonable time to find a purchaser, buying with full knowledge of all the uses and purposes to which it is adapted and for which it is capable of being used."

Mr. and Mrs. Charles H. Winslow of Whittier have announced the marriage of their daughter, Shirley Arlene, to John William Jacobs on February 11th in the Salem Lutheran Church in Whittier. The Winslows are longtime summer visitors to Tahoe Vista.

Ted Draney of Incline Beach has returned home after a three weeks visit to Australia. Wife, Pearl, met him at the airport in Reno on his return. The trip was most informative but Ted is glad to be back to Tahoe. He stopped over in Hawaii hoping to visit son, Curt, before he was sent to Viet Nam but unfortunately missed him. However, he did visit Vera Mosier, summer resident of Crystal Bay, who sent her regards to friends.

Barney and Eileen Wilen of Kings Beach enjoyed a ten day vacation to Los Angeles where they visited friends and relatives. They especially enjoyed the trip as it was their first real vacation in six years. The weather was perfect until they reached Donner Summit on their return when they encountered a blizzard. Even so, they were happy to be home. Barney is once again joining the Ross Price Versitones at the Crystal Bay Club.

Arnold and Dorothy Intorf and sons Bob and Dave are making their home at Tahoe City from Berkeley. Dorothy says she is "the girl" at the chamber of commerce while Arnold is a Berkeley commuter as a business consultant. He formerly was at the University of California as state wide manager of business services, being recently retired after thirty years association at the University. Bob is a student at Tahoe Truckee High and Dave an 8th grader at Tahoe City while daughter, Joan, is at Pitzer College at Claremont.

H. E. and Ann McCoskey of Incline Beach met the plane from Los Angeles at Reno Thursday night to greet the new member of their family, a German shepherd dog, Duke. While waiting at the airport met Carl and Marcie Ravazza of Crystal Shores and Reno returning from a Hawaiian trip.

Three Placer Bodies Honored For Efforts

AUBURN—Three Placer County agencies have been cited for exceptional service and merit in reaching solutions to many perplexing problems in the Lake Tahoe area by the county's planning commissioners. The citation also requested the other Lake Tahoe counties to meet with the Placer agencies and "compare notes."

According to C. A. Gibbs, chairman of the Placer Planning Commissioners, the Placer units include the Placer County Board of Supervisors with the Lake Tahoe Area Council, the County Planning Department and the Placer Health Department.

Gibbs said that the supervisors and Lake Tahoe Council sponsorship of a sewage collection and treatment plan for the north and west shores of Lake Tahoe was especially noteworthy.
